

An aerial view of a Spanish city at dusk. The sky is a mix of blue and orange. In the foreground, there are several buildings, including a prominent one with a red facade and arched windows. In the background, a large cathedral with a tall spire is illuminated. The city is densely packed with buildings, and the overall atmosphere is warm and golden.

The most populated city in Spain is Madrid and it has over 3 million people living in it!

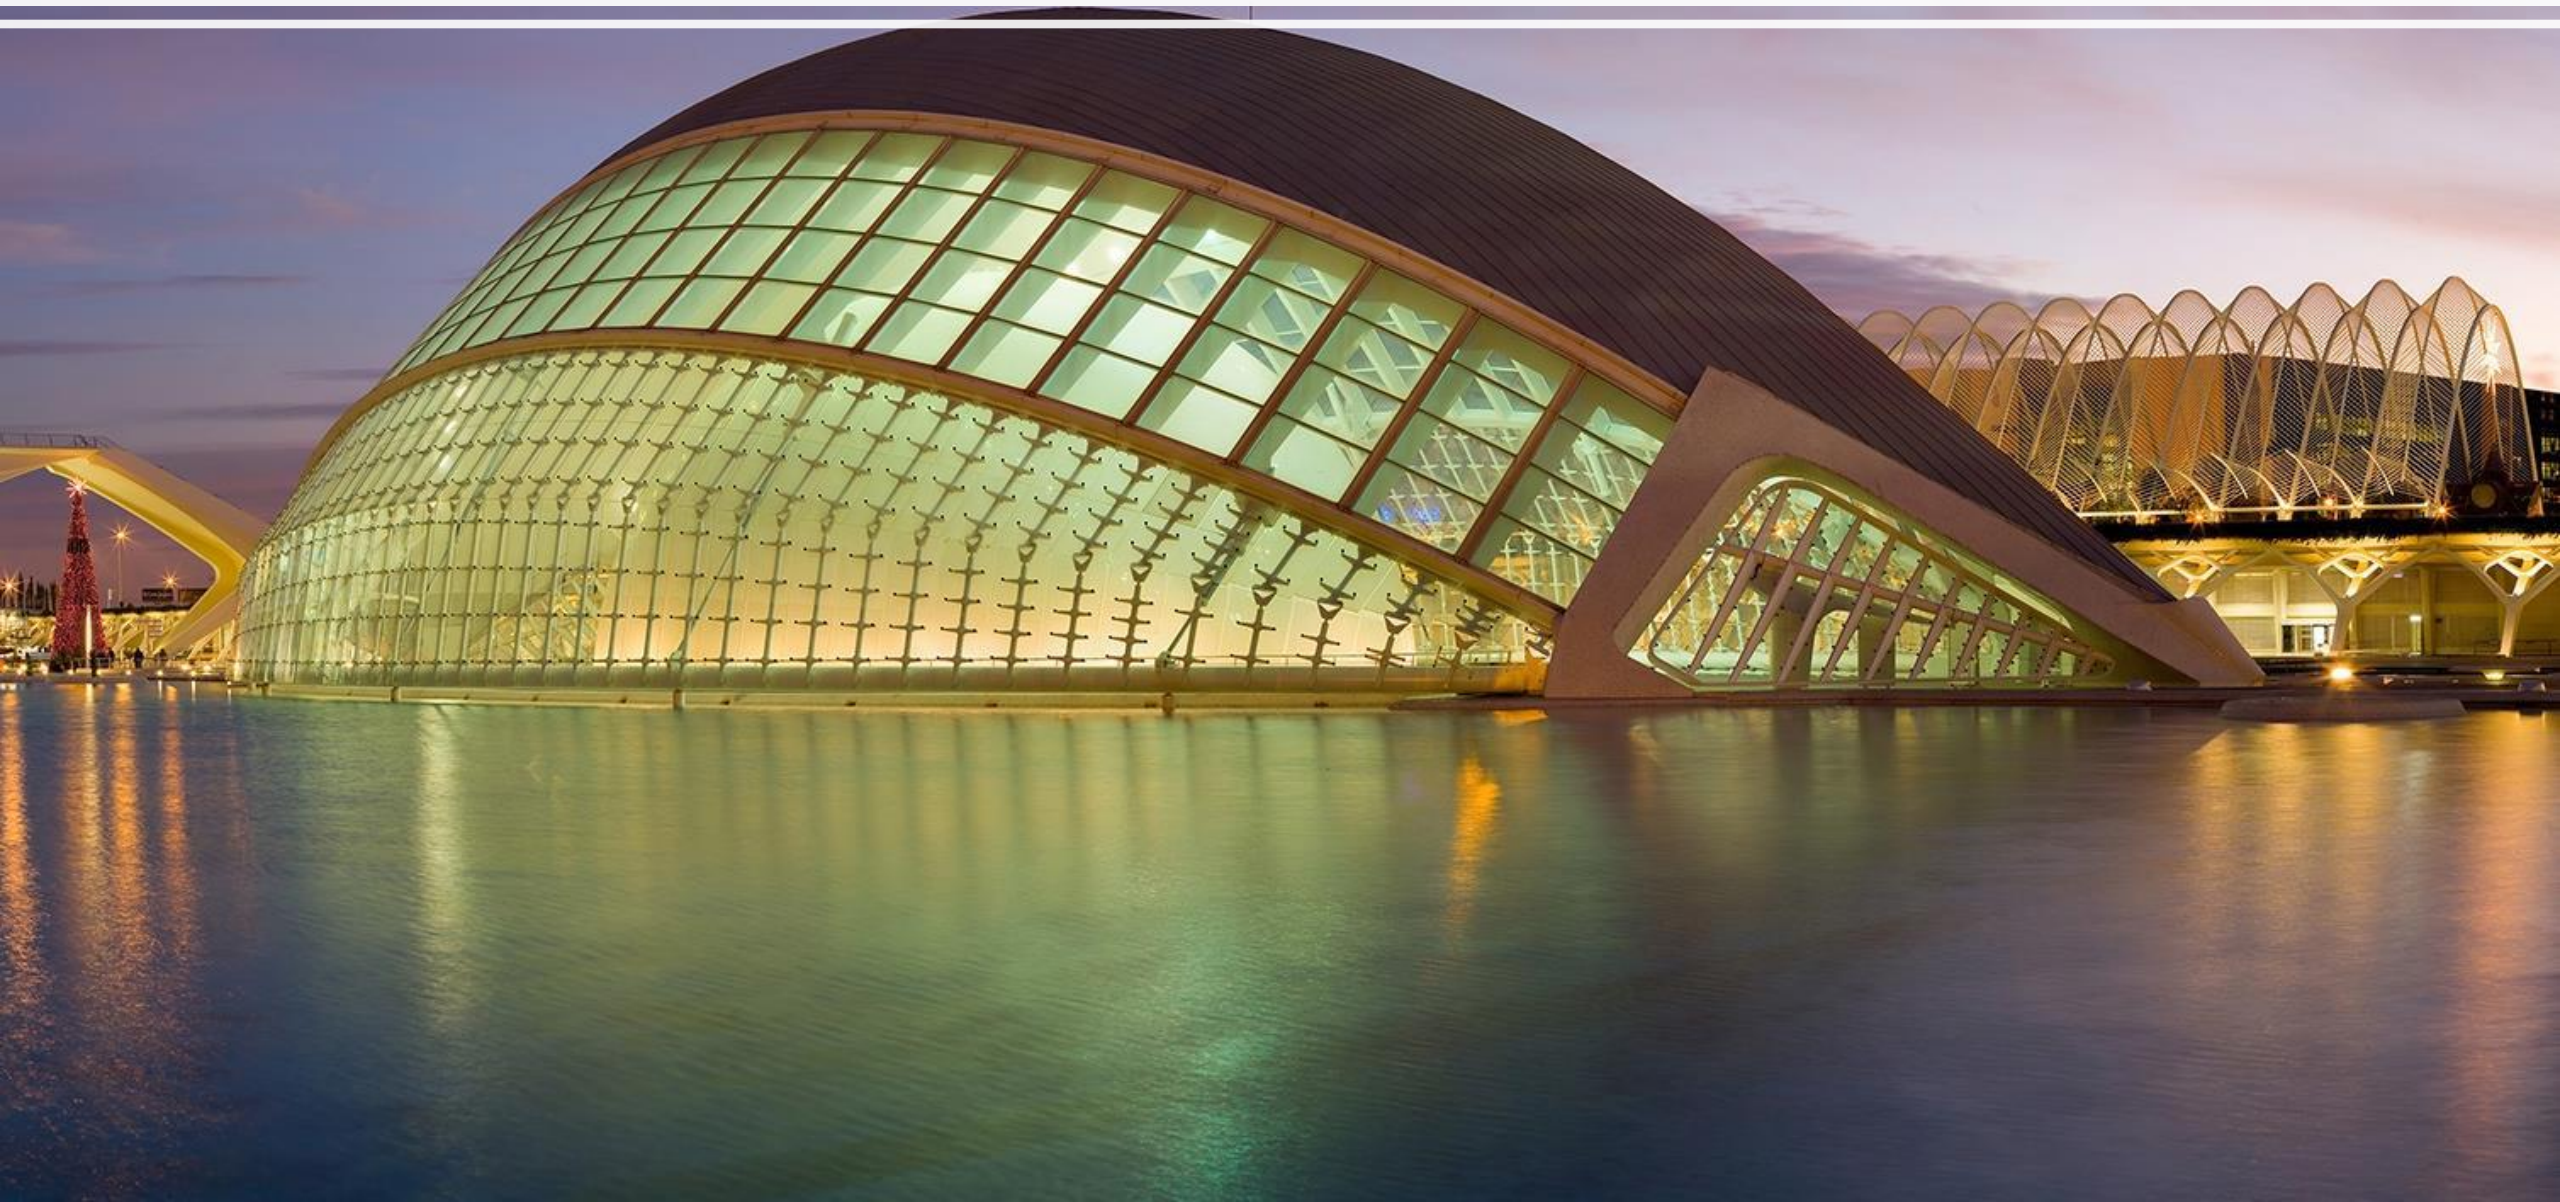

Seville is another example of a city and a fun fact is that it makes the best fiestas.

One of the
most oldest
cities in Spain
is Malaga.

Something interesting about Valencia is that it was founded by the Romans.

The city, Bilbao is mostly known for beautiful sea views and amazing architecture

My favourite
Spanish city I
went to is
Barcelona

Thank you
for your
time!
